# The Countertop Buyer's Checklist

7 questions to ask before you buy, and what  
a good answer sounds like.

Stamford, CT · Fairfield County & Westchester, NY

## BEFORE YOU SIGN ANYTHING

# Ask these first

A good countertop company will answer all of these clearly. If they dodge, keep looking.

1

### **Can I hand-pick my exact slab?**

Natural stone varies piece to piece. Good answer: yes, you see and choose the actual slab that goes in your home.

2

### **Do you fabricate in-house?**

In-house means one team from template to install. Good answer: we cut and finish your stone ourselves, so quality is controlled end to end.

3

### **What exactly is included in the quote?**

Hidden extras are where budgets break. Good answer: material, fabrication, edge, cutouts, and installation in one all-inclusive price.

4

### **Is old countertop removal included or separate?**

Tear-out is often quoted apart. Good answer: a clear yes or no, with the cost stated up front.

---

## KEEP GOING

# Then confirm these

5

### **What's the timeline from template to install?**

Good answer: a real schedule, usually about one to two weeks. A clear timeline means an organized shop.

6

### **How does this stone handle my daily use?**

Sealing, etching, heat, and stains differ by material. Good answer: they match the stone to how you actually cook and live.

7

### **How is the price calculated?**

Good answer: price follows the slab you pick and your kitchen's details, and they explain what moves the number.

## **BONUS**

Ask to see the real slab in person before you decide. Photos never match the movement and color of the actual stone.

## YOUR NEXT STEP

# Bring this checklist to us

We will answer all 7, honestly and up front. Share a photo of your kitchen and get a fast, free estimate. You choose the stone, we handle everything else.
